*Intentional Choices. Abundant Life.*

Wendy Elover, author of *My Cape Is at the Cleaners: Choosing Happy over Perfect*, is on a mission.

She takes her audiences on a journey, sharing her own life's ups and downs, and all the crazy in-between. She helps her audiences to let go of their preconceived notions of how life is "supposed to be," and instead, challenges them to intentionally create an incredible life they enjoy living daily, both personally and professionally.

With her own unique style of humor and storytelling, Wendy's talks are filled with valuable life tweaks that, if implemented consistently, can transform our everyday lives for the better. She reminds us how powerful our mindset can be in moving us forward (or keeping us stuck). She encourages each of us to share our gifts with the world, lift others up whenever possible, AND always take time to have some fun along the way.

As a lifelong entrepreneur, Wendy is also known as a master people-connector, resource, and mentor for those looking to excel to the next level. Turning the "dreaded 30 second intro" into a powerful conversation-starter and making the most of any networking opportunity are just some of the skills Wendy shares with her business audiences and clients.

Wendy's passion is to help create positive impact in the world, and she looks forward to sharing the journey with you.

*“I worked with Wendy to help me improve my “elevator pitch”, something I always find to be a challenge. Wendy has a natural gift - she asks the questions and provides guidance that helps you tell an engaging story to capture people’s attention rather than the “same old same old” boring elevator pitch. I recommend Wendy to anyone struggling with their elevator pitch - she’ll work magic with you!”*
